Talked with Pete and Monday looks like a good date for everyone. Please notify all parties we will be on site Monday, August 28th.

Thank you,

Hi:

I would suggest three just in case. The one hole was pretty deep when I was there. I also think we can top off the other one. I will let GNBC/Lenny and HTC representatives know about your plans once finalized.

Eric,

How much asphalt do you think we need to fill in the holes in the road? Talking with Pete, a couple of bag sounds like it would be sufficient.

If Monday is acceptable, could you please notify GNBC and tell them we will be placing the temporary pole in the warehouse?

Pete would Monday work for you?

Thank you,
